

FIRE SAFETY

POLICY STATEMENT

The NEC Group is committed to maintaining high standards of Fire Safety Arrangements so as to safeguard relevant persons including - our Employees, Colleagues, Clients, Service Partners, Visitors Plant and Property.

The NEC Group has a systematic approach to Fire Safety which is aligned to our general arrangements for Health and Safety Management and designed to ensure compliance with all applicable Fire Safety legislation, thus allowing for continuous improvement and providing assurance to those who work at and visit our venues.

Our approach includes:

- Acknowledging Fire Safety Management as a critical business activity.
- Continuous development and promotion of a relevant and consistent Fire Safety Management System.
- Providing suitably qualified expert resource and training to assist the business in developing and applying its Fire Safety policies and systems.
- Having clear plans and accountabilities for continuous improvement in our Fire Safety Management Systems.
- Encouraging communication with colleagues, clients, service partners and visitors on all matters relating to Fire Safety and responding appropriately to issues raised by those groups.
- Monitoring and reporting on Fire Safety performance on a regular basis.
- Ensuring that timely corrective and preventative action is taken to address Fire Safety issues that arise.

We have a responsibility for Fire Safety within our venues and The NEC Group requires the support of our employees, colleagues, clients, service partners and visitors to achieve and maintain high standards of Fire Safety.

This policy statement will be reviewed annually to ensure that it remains appropriate in a continually changing environment.

Paul Thandi
Chief Executive
